

GREENING NEIGHBOURHOODS TOGETHER

**BE A PART OF POSITIVE CHANGE -
CREATING NATURE SANCTUARIES IN THE CITY**

Imagine your neighbourhood filled with the flowers and birds of Table Mountain. One garden and park at a time, we can make a home for them and bring back the natural Fynbos heritage to urban Cape Town.

3 CLASSES:

MAY 19, MAY 20, JUNE 24

10.00-12.00

LOCATION:

SALT RIVER, CAPE TOWN

Join us for an introductory session to our three part training course on practical Fynbos restoration for beginners.

JOIN US!

LEARN TO ...

- GROW PLANTS FROM CUTTING
- SET UP A HOME NURSERY
- PLANT AND CARE FOR FYNBOS

Through this practical course
you will learn the basic
principles of restoration and
how to apply them to your
park and own garden

WHY FYNBOS?

- fynbos is beautiful
- fynbos is our natural heritage
- fynbos is unique - is found no where else on earth!

WHY RESTORATION?

- to bring back our endangered birds & bees

WHY PUBLIC SPACES?

- so everyone can enjoy it
- to inspire others to get a fynbos patch

Limited places available
